

## August 2008

The August meeting of Wing and Rotor RC Flying Club was called to order by Rich Anderson at 7:40 PM on August 1,2008.

Treasury report: We have Money

Membership: None Available.

Safety Report: None Available

Web Master Report: No changes to report

V.P. report: FONRA received several very good reviews from the local news papers, including the Amherst Bee & Lewiston Sentinel.

Our VP reminded us that Custom TEE on Elmwood Ave. North of Kenmore sells jackets and shirts with the club logo at reasonable prices, should any club members be interested.

Fun Fly/Club picnic: Will be held August 17. The picnic will be RAIN OR SHINE, at the normal shelter however the Fun fly would be rescheduled if weather does not cooperate.

Presidents report: Rich wishes to thank everyone who worked so hard to make FONRA the great success that it was.

Demos: Doug brought a very reworked C/L plane to create a really great look R/C. Changes include : heavy changes to the wing structure to make room for the tank, a cowl whittled from a block of balsa, relocation of the main gear and Doug's typical first rate covering & paint job.

FONRA Discussion: There was a discussion on non-pilot / non club members getting free food at FONRA. It was decided to use signage at the next FONRA to state that the free lunch is for pilots who fly today and donations will be excepted from others. Wording to be determined prior to FONRA 2009.

Split club: was \$13, at long last, won by our Club Secretary.
